

Graham Thompson	Interviewed by Iain Macniven 2.4.15
	<p>Good contractors. Paul Fairweather and Harry Tranter. All work gone very well. Paving will be finished today. Canopy tomorrow. Then all done. Electricians need another couple of weeks. Planting will be started 14th of April. Mischief caused by other people – some planning issues are being resolved now. Have been quite a few visitors to the site. Mainly when clock came down and then went back up. Counted about 40 people taking pictures. Traders can't wait for it to be done. Look North people came twice. Also Made in Leeds camera people.</p> <p>Have enjoyed the project. Has gone as I expected. Everyone has worked well. Thanks to the people who raised the cash. Fundraising has been the key. Council proactive on the project.</p>
